BONITA SPRINGS FIRE DISTRICT TO HOST BSFD's PUMPKIN PATCH

Fall is on its way to Southwest Florida and although we may miss the leaves changing and undeniable change in temperature, Bonita Springs' residents will not have to miss another festive cue to the season - their very own Pumpkin Patch.

The Bonita Springs Fire District is bringing a spectacular Pumpkin Patch to Bonita Springs. The District, partnering with volunteers from their Community Emergency Response Teams (CERT), will sell pumpkins to raise money for the Bonita Springs Benevolent Fund.

Rows of pumpkins adorn the grassy lot by Fire Station One at the corner of Pennsylvania and Old 41 (27490 Old 41 Road). The field of orange signals the official beginning of fall in Bonita Springs.

The Bonita Springs Fire District is excited to utilize this event as an opportunity to speak to patrons about safe trick-or-treating and our Community Emergency Response Teams, while raising money for the Firefighters' Benevolent Fund. A fund utilized to assist firefighters when they need it the most, when they're hospitalized or have a death in their family.

The Pumpkin Patch will be located at Fire Station One through October 31st, from 10:00 AM until dark each and every day.
