The Bonita Springs Fire Control & Rescue District spreads Holiday Cheer and SAFETY through Annual Toys for Tots Drive and Smoke Alarm giveaway

This holiday season the Bonita Springs Fire District distributed toys to nearly 200 families through the Fire District's Annual Toys for Tots Toy Drive. Nearly 450 children received toys that would have otherwise gone without this holiday. Bonita Springs' parents shopped for their children in the fire station's community room which was transformed into Santa's workshop. The toys were donated by local businesses and residents throughout the city.

"The generosity of the public is just amazing, said Administrative Coordinator Jessica DeWitt from the Bonita Springs Fire Control & Rescue District, "from the 40 volunteers who helped make this toy drive possible, to the gift donations we received, it all made this Holiday season a little brighter for those in need."

Before parents left the fire station with their toys, they were asked one very important question- *"Do you have a working smoke alarm in your home?"*

The Bonita Springs Fire Control and Rescue District wants families to have a happy and safe holiday season, and what better way than to educate them on how smoke alarms save lives. Those that qualified received a smoke alarm to place in their home; this is part of the District's (S.A.F.E.), *Smoke Alarm for Every Home Program*.
