

THE FIRE MARK

BONITA SPRINGS FIRE CONTROL AND RESCUE DISTRICT

SEPT 2017

HURRICANE IRMA

Your firefighters are working around the clock and doing their best to be there for all our neighbors. There isn't a neighborhood in Bonita Springs that we haven't been in-which tells you the magnitude of this event! Thank you to those who have shown your patience and appreciation. We're glad to have an opportunity to serve you through this challenging time. Bonita Springs shows us once again what an amazing community they are. Thank you!

These are just some of BSFD's Community Emergency Response Team (CERT) volunteers serving Bonita Springs... we so appreciate Ray, Toni, and Gil (pictured here) and ALL of our CERT volunteers who have helped during the aftermath of Irma.

To learn more about how to become a CERT member, visit www.bonitafire.org.

NEVER FORGET

Despite the Hurricane, it is important to remember that this year Patriot Day marked the 16th anniversary of the terror attacks brought forth against the United States on 9/11/01. The Bonita Springs Fire Control and Rescue District will never forget those 343 firefighters and countless others that lost their lives during these attacks against America.
