

thank you!

Thank you to all of the staff of the ambulance and engine that arrived at our home on South Carolina Drive in Southern Pines on Thursday, October 13<sup>th</sup> to take my husband to Physicians Regional Hospital. He was in great pain and unable to walk, even with help, but with the expert assistance of all of these folks, he was placed in the ambulance and transported to the hospital very quickly and with great care.

We are very fortunate in Bonita Springs to have the wonderful Fire Department that we have.

My husband will be coming home today, Monday, October 17<sup>th</sup> - in our car - and certainly feeling

some things are worth repeating

better than when he left last Thursday. Thanks again for all of your help. I am sorry that these are not homemade cookies, but after 65 years of making I don't like doing it anymore and are not very good at it now either so please enjoy these that were bought with all of your wishes - because I still do like to sleep.
